

HS02 Code: 84 - nuclear reactors, boilers, machinery and mechanical appliances; parts thereof

YEAR-OVER-YEAR Changes in U.S. Merchandise Import by Country - During the month of June, 2009 (Descending order of Year-Over-Year Change in Value)

Prepared for: Simon Pak

Note:

1. This report contains, for the HS code above, value and market share for each country in black ink.

In addition, it contains changes in value and market share from the same period one year ago, year-over-year changes in blue ink.

2. If a country has no trades during either the current period or the previous period, then value for the period without any trade is set to zero.

Please note that year-over-year changes are calculated as the difference between values during the current period and the corresponding values during the same one year ago.

$$\text{Year-Over-Year Change} = (\text{Amount during Current Period}) - (\text{Amount during Same Period one year before})$$

3. Definition:

$$\text{Market Share in Value (\%)} = 100 * (\text{Value for a country}) / (\text{Total Value for US-All Countries})$$

Data Source: The Bureau of Census, U.S. Department of Commerce
